ASSESSMENT

ASSESSMENT STANDARDS

All assessments conducted by us will:

1. Comply with the assessment guidelines defined in the relevant nationally endorsed training package. In the case of our training we will ensure that the competency assessment is determined by a vocationally competent assessor who holds the TAE40116 Certificate IV in Training and Assessment or higher qualification.
2. All our assessments will lead to the issuing of a certificate being either a full qualification or a statement of attainment (SOA) under the AQF.
3. All of our assessments will be:
 - Valid - Assessment methods will be valid, that is, they will assess what they claim to assess,
 - Reliable - Assessment procedures must be reliable, that is, they must result in consistent interpretation of evidence from the student and from context to context,
 - Fair - Assessment procedures will be fair, so as not disadvantage any students. Assessment procedures will:
 - be equitable, culturally and linguistically appropriate,
 - involve procedures in which criteria for judging performance are made clear to all students,
 - employ a participatory approach,
 - provide for students to undertake assessments at appropriate times and where required in appropriate locations.
 - Flexible - Assessment procedures will be flexible, that is, they should involve a variety of methods that depend on the circumstances surrounding the assessment.

We will achieve this through:

- careful design of the assessments,
- validation and moderation of the assessment materials conducted in our annual review,
- an understanding of the definition and practical application of the above definitions.

ASSESSMENT TASK CRITERIA

All our assessments are explained thoroughly in how to complete them and what their purpose is. Assessments are resulted as Satisfactory (S), Not Yet Satisfactory (NYS) or Not Attempted (NA). When all Assessments tasks for each unit have been resulted either a Competent (C) or Not Yet Competent (NYC) result is given for the unit.

AUSTRALASIA
INTERNATIONAL SCHOOL

EST. 1973
RTO CODE: 6251 CRICOS: 02747G

This will include information regarding assessment methods, alternative assessment methods if required to accommodate special needs or circumstances, information will also be included at the start of each unit or course as to the assessment processes, number of assessments, types of assessment and the individual weighting of each assessment.

ASSESSMENT TOOLS

We apply a range of assessment tools for each unit of competency in a course as determined by what is most appropriate for us to measure a student against the training package requirements.

The assessment tools we use are:

1. Questioning;
2. Written report;
3. Project;
4. Assignment;
5. Written questions
6. Case studies;
7. Role plays/observations;
8. Clinic logbook/supervisor reports;
9. Portfolios; and
10. Presentations

Note: Not all assessment tools are used for each qualification.

Our assessment tools do not:

1. disadvantage particular students or groups of students; or
2. place unnecessary demands on students that may prevent a student from demonstrating competence.

RE-ASSESSMENT OPPORTUNITES

NOT PROGRESSING SATISFACTORILY

In order to demonstrate good academic progress, we expect all students to successfully complete or demonstrate competency in at least 50% of the course requirements for each term.

This means a student must have achieved competency in 50% of all units in a term and not 50% of each unit of competency's assessment tasks.

Unsatisfactory course progress is determined as failing at least 50% of the course requirements for a term and is considered a reportable incident when it occurs in two (2) consecutive terms.

Assistance with maintaining course progress, in the first instance will require each student not meeting their obligation to participate in the Assessment Intervention Plan (AIP).

NOT SUCCESSFUL IN ASSESSMENT

Students will be allowed two (2) further attempts at an assessment for which the outcome is Not Satisfactory (NS), within the timeframe of a unit of competency. No additional fees will be charged.

Students who require re-assessment beyond the delivery timeframe of a unit or due date of an assessment, unless it is due to compelling, compassionate reasons, will be given the opportunity to request an additional time to resubmit and in this time they can request a mentoring/coaching session if required. After that they

AUSTRALASIA
INTERNATIONAL SCHOOL

EST: 1973

will be charged a re-assessment fee during which is payable prior to Week 11 of Academic Intervention Program (AIP).

Reassessments are organised by the Student Services Department and a cost will be incurred per assessment task. Should you be unable to fulfil the unit of competency requirements following a re-assessment, you will be required to repeat the unit of competency. Student Services will advise of the cost of repeating a unit of competency and the cost for reassessment.

Repeating a unit of competency is subject to timetable availability.

Students not achieving competency for any units, will have the opportunity to be re-assessed on an individual basis by mutual arrangement.

This may be arranged prior to course completion to allow for students to graduate with other class participants

Note: Should you not complete the assessment task on the alternate date, you will be charged an alternate assessment fee.

APPEALS

ASSESSMENT APPEALS

If a student disagrees with an assessment outcome or process, he/she may commence the assessment appeals process by application through Student Services.

An assessment appeal may only be lodged, if:

- The student has been assessed as Not Yet Competent (NYC) in an assessment against specific competency standards;
- The student feels they have sufficient grounds and evidence entitling them to be assessed as competent or granted RPL (if applicable); or

An enrolment can be extended with a payment of an additional fee, which will be calculated based on the number of units of competency and assessment tasks to be completed.

Please talk to a Student Service Officer if you expect that you will require longer than the allocated course period.

COURSE PROGRESS

Satisfactory course progress is defined as a student successfully achieving competency in 50% or greater of the course requirements in a study period (Term). So, to be clear, if there are four (4) units of competency scheduled to be delivered in a study period, the student must achieve competency in at least two (2) of those units to be achieve satisfactory course progress. Some courses include units of competency that are delivered concurrently for a longer period than 1 study period (Term), in such cases, AIS will ensure that students will always complete successfully at least 50% of assessment tasks scheduled for the Term.

Scenario: There are five (5) units of competency scheduled to be delivered in a study period. At the end of the study period, the student has only achieved competency in two (2) units of competency. To achieve 50% or greater, the student would have needed to achieved competency in at least three (3) units of competency.

Therefore, the student with only two (2) units is assessed to have unsatisfactory course progress.

ENROLMENT

With limited exceptions, you must be enrolled in a full-time course of study that is registered on the Commonwealth Register of Institutions and Courses for Overseas for Overseas Students (CRICOS) (Australian Visa Holders Subclass 500).

If you are applying from outside Australia, you must include a Confirmation of Enrolment (COE) for each intended course of study with your visa application. A Letter of Offer from your education provider will not be accepted.

If you are applying for more than one course in your student visa application, you must include all Confirmation of Enrolment (COE) codes in the application form or the visa may only be granted for the COE provided.

GENUINE TEMPORARY ENTRANT

The GTE requirement applies to all student visa applicants.

The genuine temporary entrant (GTE) requirement is an integrity measure to ensure that the student visa program is used as intended and not as a way for international students to maintain ongoing residency in Australia.

When assessing the GTE requirement, we will consider the requirements set out in direction number 69 of the Migration Act 1958. To assess this, we will consider:

1. Your circumstances;
2. Your immigration history;
3. If you are under 18 years old, the intention of your parent, legal guardian or partner; and
4. Any other relevant matter.

The GTE requirement provides a useful way to help identify those applicants who are using the student visa program for motives other than gaining a quality education. The requirement is not designed to exclude students who, after studying in Australia, go on to develop the skills required by the Australian labor market and apply to become permanent residents.

FINANCIAL CAPACITY REQUIREMENTS

You need to have enough money that is genuinely available to you, to pay for your course fees, and travel and living costs for you and your accompanying family members while you are in Australia.

You might need to provide evidence of your financial capacity with your visa application. Check the Document Checklist Tool (disclaimer) to find out the evidence you need to provide.

EVIDENCE OF FINANCIAL CAPACITY

If you need to provide evidence of financial capacity, you will be able to demonstrate this by providing one of the following:

1. Evidence of funds to cover travel to Australia and 12 months' living, course and (for school aged dependents); schooling costs for the student and accompanying family members; and
2. Evidence that you meet the annual income requirement.

Annual income option

The annual income option requires a student to provide evidence of personal annual income of at least AUD \$62,222.

Onyx Developments Pty Ltd T/A Australasia International School

Telephone: +61 2 8278 7232 | Email: contact@aischool.edu.au | Web: www.aischool.edu.au

AUSTRALASIA
INTERNATIONAL SCHOOL

EST: 1973
RTO CODE: 6251 CRICOS: 02747G

For students accompanied by family members, the requirement is at least AUD 70,000. The income demonstrated must be the personal income of your spouse (who is not coming with you) or parents. Where both of your parents are working, their combined income can be considered for this requirement. Evidence must be in the form of official government documents such as tax assessments. Evidence in the form of bank statements or information directly from an employer is not acceptable.

Twelve months' funds option

Evidence of funds can include money deposits, financial institution or government loans, scholarships or sponsorships.

You can calculate the total amount of funds you will need by adding living costs, course fees, schooling costs and travel costs. Use the information below to calculate the total amount of funds you will need.

As of October 2019, the 12-month living cost is:

1. student or guardian - AUD21,041
2. partner or spouse - AUD7,362
3. for a child coming with you - AUD3,152.

For further information visit Study Australia <https://www.studyinaustralia.gov.au/english/live-in-australia/living-costs>.

Course fees

Calculate the first 12 months of your course fees or include the total cost of your course if it is for a duration of 12 months or less. Deduct any prepaid costs and provide evidence of these payments (this should be on your Confirmation of Enrolment or provide receipts).

If you are in Australia and your course has already commenced, calculate the course fee payable for the 12-month period commencing from the date on which you lodge your application.

Example 1: if your course fee is AUD50,000 for three years, determine the fee for one year (12 months) by dividing the total amount by the number of years. The amount will be AUD16,666. Deduct any pre-paid amounts.

Example 2: If your course fee is AUD15,000 for ten months, and you have already paid AUD5,000, deduct this prepaid amount from the total amount. The amount will be AUD10,000.

Example 3: if your course fee is AUD20,000 for 18 months, determine the fee for one year (12 months) by dividing the total amount by the number of months, then times by 12 ($20,000 / 18 \times 12$). The amount will be AUD13,333. Deduct any pre-paid amounts.

Schooling costs

Where school aged children are included in your student visa application, schooling costs of at least AUD8,000 per year for each child will need to be added to the amount of funds required. You are responsible for researching schooling costs, which vary between states, territories and schools in Australia.

You do not have to provide evidence of schooling costs if you are:

1. a PhD student and can show you have enrolled your child in an Australian government school where the fees have been waived

AUSTRALASIA
INTERNATIONAL SCHOOL

EST: 1973
RTO CODE: 6251 CRICOS: 02747G

2. received an Australian Commonwealth Government scholarship, including foreign affairs and defence sponsored students, and you can show you have enrolled your child in a government school where the fees have been waived.

TRAVEL COSTS

If applying outside Australia, include AUD2,000 (except if applying from East or Southern Africa, include AUD2,500; West Africa include AUD3,000).

If applying in Australia, include AUD1,000 (except if returning to Africa, include AUD1500).

Genuine access to funds

You and your accompanying family members must be able to access the funds shown while you are in Australia.

When considering whether the funds will be genuinely available, we will take into account additional information and supporting evidence you provide, such as:

1. The nature of the relationship between you and the person who is providing the funds, where applicable;
2. Your income, assets and employment or those of the person providing the funds;
3. Evidence of financial support history; and
4. Source of funds for any lump sum deposits.

HEALTH REQUIREMENTS

As an international student in Australia, you are required to have Overseas Student Health Cover (OSHC) for the entire duration of your study in Australia. But there are also other types of insurance which you may find useful.

The health assessment process can take several weeks to complete. To help avoid delays, you can choose to undertake your health examination prior to lodging your visa application.

For more information about Overseas Student Health Cover (OSHC) visit the Study in Australia website or follow this link: <https://www.studyinaustralia.gov.au/english/live-in-australia/insurance>.

CHARACTER REQUIREMENTS

Everyone who wants to enter Australia must be of good character and will be assessed against the character requirements.

You must answer a number of character related questions on your visa application form and the information you provide will be used to assess your character.

1. Oz Homestay,
